REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR §1.322

S I R:

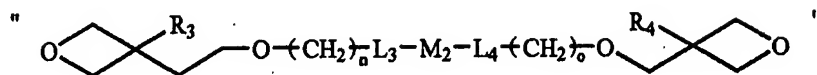

Transmitted herewith is a Certificate of Correction for U.S. Patent No. 7,125,590 (the '590 patent) issued October 24, 2006. Upon reviewing the claims of the '590 patent, the patentee noted an error made by the Patent and Trademark Office which should be corrected as follows:

MAILING CERTIFICATE ON PAGE 4

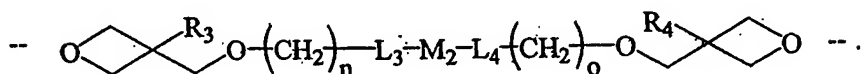

SEP 27 2007

COLUMN 28, Between lines 20-25:

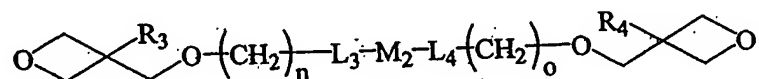

The equation

should be replaced with

The '590 patent corresponds to Application Serial No. 10/825,557 (the '557 application). In a response filed May 2, 2006 in the '557 application, independent claim 1 was presented reciting the following formula (2):

The May 2 response in the '577 application led to issuance of the '590 patent on October 24, 2006.

Upon reviewing the claims in the '590 patent, the patentee noted that the formula in column 28, between lines 20-25 (formula (2)) does not correspond to formula (2) in independent claim 1 submitted with the May 2 response in the '557 application. More specifically, the error is in the structure of the first oxetanyl group of formula (2) in claim 1 of the '590 patent.

The error in formula (2) recited in independent claim 1 of the '590 patent is a Patent and Trademark Office error since allowed independent claim 1 in the '557 application recites the correct formula (2) and corresponding structure of the first oxetanyl group.

Since the error for which a Certificate of Correction is sought was a result of a Patent and Trademark Office mistake, no fee is due (35 U.S.C. §254).

SEP 27 2007

Favorable consideration and granting of this request together with issuance of a Certificate of Correction are respectfully requested.

Respectfully submitted,

ADAMS & WILKS
Attorneys for Patentee
